

Niangua Athletic Booster Club
301 Rumsey St.
Niangua, MO 65713

Dear Supporter,

The Niangua Athletic Booster Club is looking for some sponsors for the upcoming 2022-23 athletic season. We are asking for your support of our student athletes. All of our sponsors will be listed on our membership board that is located inside of our gym. We would love to see your name there.

Our organization provides funds for the extras for our student athletes. This past year we bought a new shooting machine for our basketball program. We also supported and reached out for support for four little teams to play softball and baseball during the summer. Our baseball field went through some renovations last year thanks to grants from Webster Electric and the MLB Grant program.

Athletics are an important part of a student's school life. We start with preschool and elementary kids in little league events and watch them grow to be competitive in the high school events. They teach teamwork, self-worth, and respect for others. All of these are important skills needed later in life. We would love to see our athletic department thrive in the upcoming years.

Thank you for all your past support and your consideration for your support of the student athletes of the Niangua RV School District.

Sincerely,

Charity Stuber, Angelia Kochs, Lori Ballard, and Rachel York
